

Professor John Pepper  
Consultant Cardiac Surgeon  
Royal Brompton Hospital

11<sup>th</sup> January 2010

Dear Professor Pepper

**Clinical Practice Committee approval of Exostent  
Reinforcement of Aorta**

Thank you for submitting your revised procedure specific consent form for Exostent Reinforcement of Aorta.

As members of the committee who reviewed the amendments are now happy with the final version Professor Evans has taken Chairman's action and approved this procedure on behalf of the Clinical Practice Committee.

This approval is given on the understanding that patients will be discussed and considered for this procedure at an appropriate MDT and that you discuss this procedure with your divisional manager as the CPC is not responsible for the financial or resource implications.

Please report any adverse events relating to this procedure through the incident reporting system and provide the committee with a progress report in six months time.

Thank you

Yours sincerely

Carol Rayne  
Clinical Practice Committee Administrator
